PRAY for Laborers... Harvest in the Outback

"The HARVEST is plentiful, but the workers are few... Pray to send forth workers..." Matt. 9:37-38

Isn't it interesting that Jesus did not say to pray for the HARVEST, but for the WORKERS. We have found this Scripture to be proven true all over the world. God has prepared people... waiting for someone to bring them the good news of forgiveness and new life.

Scattered across the vast expanses of the Central Australian outback, are dozens of Aboriginal tribes who could be considered some of the least-understood and minimally reached peoples of the world today. This is a vast mission frontier. The need for workers is overwhelming as dozens of Aboriginal reserves have sheep without a pastor. One of the most misleading factors is that this mission field is remotely buried across more than a thousand miles of wilderness in the highly developed nation of Australia.

For the most part, the indigenous peoples of this land are wide open to the gospel. Many have a Christian heritage that goes back to the days of the Lutheran missionaries who traveled over rugged desert for 20 months to establish the first mission in Hermannsburg (1877).

Although the bible has been translated into the main Indigenous languages of Central Australia, very few Aboriginal people have been taught the Word of God. Some individuals who have been believers for years are totally ignorant of the Bible. As you can imagine, this is the main reason that Aboriginal believers continue to hold on to many dark cultural beliefs and practices.

We are acutely aware that the task of reaching this HARVEST is far beyond our giftings and abilities. Will you join us as we PRAY for the Lord to SEND forth Laborers into this vast harvest field?

Interns in the HARVEST...

Cross-Cultural Training for World Missions

"Go into all the world and preach the gospel..." Mark 16:15

There is a tremendous HARVEST to be reached here in the outback of Central and South Australia. Over these past eight years the main cry of of HTM's heart has been to call in the **WORKERS**. Calling forth those God has called, anointed, and equipped for this Harvest field. There are people HUNGRY for the true move of the Holy Spirit. There are more than 100 Aboriginal communities spread out in remote arid regions of the NT and South Australia... accessible down hundreds of kms of dusty, red dirt roads.

The Harvest Mission Internship Program is officially launched. We are NOW able to advance under God's direction. This internship allows individuals (young adults to seniors) who want to experience more of world missions to have on -the-ground training... working with many diverse tribes who have had little to no teaching of the Word of God. Pastors Gerald & Kathy, with over three decades experience as missionaries... spending time in over 40 nations... desire to pour much of what they have learned into others called to the great commission. **There are openings for a ONE MONTH, THREE MONTH or SIX MONTH mission internship.** The mission interns will have unique opportunities to be involved in youth/children's ministry, evangelistic outreaches, discipleship & Bible studies, praise and worship, preaching, cross-cultural training and much more. PRAY about taking advantage of this unique opportunity.

A TIME of CHANGE... "GO and TELL"

During the past year, the Holy Spirit began to reveal to Ps. Gerald & Kathy a lot about **CHANGE**. They knew it would be an adventure of FAITH. God is releasing the Greens to GO... minister in the power of His Name and raise up an ARMY for the work in Central Australia. Time is winding down and the **MANDATE** is urgent. The Greens will be doing more travel this year... itinerating to bless churches in Australia and the nations preaching the Word with signs following. **Contact the HTM office if you would like to schedule Healing or Holy Spirit meetings in your church.**
